

WILLINGBORO HANDS

COMMUNICATIONS FELLOWSHIP

Community Heart & Soul® Background:

Community Heart & Soul believes the strength of a community lies in the hands and the hearts of the people who live there, and that the community’s heart and soul is the common cause that they will rally around. This initiative aims to reconnect people with what they love most about their town and translates those personal and emotional connections into a blueprint for future community decisions. The Willingboro Community Development Corporation was selected to receive the Heart & Soul Grant as part of the Community Foundation of South Jersey “Transform South Jersey” project. Willingboro’s goal in this initiative is to advance community reputation and pride by transforming Willingboro into a destination for collective learning and prosperity enabling citizens to live, work, play, and develop. The Willingboro HandS Steering Team is dedicated to the success of this project and is seeking to offer young professional fellowships to assist with the management of the project. Learn more about the Community Heart & Soul Initiative visit: <https://www.communityheartandsoul.org>.
